To 1958 Senior Classes:

Congratulations to the members of the 1958 class of Brocton High School and Young America High School. It has been a pleasure to work with you and your sponsors this year. No doubt, the problems and experiences that have confronted you during your school career will be of great value to you in making decisions throughout your life.

If in the future, your school, your teachers, or I might be of service to you, please give us an opportunity to provide that service.

The best of success, health, and happiness throughout life to all of you.

Sincerely,

YOUNG AMERICA CLASS PROPHECY

1978 Reunion of "Y. A. Class of 58"

The reunion was held at the Waldorf Astoria now owned by Ernie and Jeanette Porter. The music featured Lawrence Welk with Shirley DeAtley at solo trumpet. The first charming couple I met was Rodger Smitley and his wife, the former Joanne Walrich. Rodger is now a leading scientist for the U. S. Bureau of Guided Missile Development, headed by Dr. Paul Preston, a former mathematician. Then I saw Danny Booker, head basketball coach at the U. of I. and his lovely wife, Jane. With them were Chuck Brazelton and his wife Sue who are co-owners of the Shell Oil Company. Soon afterward Ray Roth, leading designer for the Chrysler Corporation, drove up in his solid gold Dodge. The next couple who came into view were Lexie Kelley and Helen Julian who are airline hostesses. Martha Lou Pennington, who was married last June is the Champagne Lady for Lawrence Welk. Bill Yenawine, Ray Roth's foremost competitor, drove up in a new Corvette with his wife, the former Sara Sue Bell. Thelma Pollman and Linda Loop are co-owners of a stable of Kentucky Thoroughbreds. Arlene Greenlee and Shirley Dwyer are professional hostesses for Arthur Murray's dance school. Mary Keys is now head of the Ill. Division of the General Telephone Co. Ted Clark now raises thoroughbred sheep and recently won Grand Prize at the International Livestock show. His very close competitor was Marybell Porter. Emma Jean Geralds is an English teacher of high standing at Y. A. Mrs. Williams is comfortably retired on her 10,000 acre estate.

BROCTON CLASS PROPHECY

Since the Board of Education wouldn't let the Senior Class of '58 take a trip this year we decided to go to Borton, where a prominent citizen had installed a time machine. After having the works of the machine explained to us, we were asked whether the past or future held more enticement for us. After debating the question, we decided to go into the future to the year 4358.

The boys went first, and when the girls arrived they found the boys living a life of luxury, dining upon the choicest of food and drink all of which were in capsule form. The girls decided to eat also, but the high caloric content of the capsules made a few of the obese girls back away. They readily stepped forward, however, when the boys explained the anti-gravitational machine which reduced their weight to a mere fraction of its former self.

A period of time elapses and the Senior Class of '68 takes the same journey as ours. As they step from the machine they find Darryl and Dwyane Addis operating a flying saucer line. As head mechanic they find Dale Ray working on a new super-duper space 8. The designer of this ship was Hank Metcalf.

As we leave the airport we drive down a boulevard designed and constructed by Bill Vaught. We stop at the new Goodelrad Hilton Hotel which is owned by Earl Good. We find that in the honeymoon suites are Joan Luttrell, Janice Nicholson, and Judy North, all of whom were just married.

As we walk through the lower corridor we happen upon the cleaning staff. This consists of Arlene Ashbaugh, Louise Bell, Doris Crum, and Joyce Elam. The cleaning is all done electronically and these women were especially trained at the Lunar University on the Moon They tell us that this institution is for girls only and that John Currey is President and that the Dean of Women is Judy Maggert.

As we go into the hotel cafeteria we find Sue St. Clair and Shirley Grove are head dieticians and their staff of cooks are Joy Shannon, Sue Littleton, and Sheila Finney.

As we end our trip, we are proud of the fact that the '58 graduates from our dear old alma mater have made such a success of themselves.

Lyn,
I'll always remember you as one of my friends. I knowing you like these past few years especially. Those crazy Latin classes and the fights we would have remember always remember our P & C classes and much success in whatever you do and hope you find yourself a nice husband. You can write a nice letter so I am sure you will have many wonderful friends.
Always keep your pen in ink.
